## **DEP approves 28 applicants for FY2013 CED Recycling Grants**

Twenty-eight applicants have been approved for grant amounts totaling \$173,198.28 in the Department of Environmental Protection's Covered Electronic Devices (CED) Recycling Grant Program, DEP Cabinet Secretary Randy Huffman announced.

Established in 2008 under the DEP's Rehabilitation Environmental Action Plan (REAP), the CED Program requires that manufacturers register their brands with the state. The fees collected from this program allow counties and municipalities to apply for CED grants to conduct electronic collection events and support ongoing collection programs.

The goals of the program are to establish a registration process for manufacturers of covered electronic devices, to determine if manufacturers have adopted or implemented a free take-back/recycling program for their products and to award recycling grants to counties and municipalities for recycling or other programs that divert covered electronic devices from the waste stream.

Grants will be awarded to:

<b><u>Berkeley County Solid Waste Authority</u></b>	<b>\$12,000.00</b>
To fund pallets, gaylord boxes, and fuel for the ongoing CED collection program.
